Intro: Bushwick Bill

Yes it is I says me

And although me

By morning three cause they're weak

(laughter)

Yes yo! I'm in the house now for sure

Because I wanna talk about the hearts of men

Who knows what evil lurks within them

But lets take a travel down the blindside

And see what we find on this...

Path...

Called...

Verse One: Kurupt

Stranded on Death Row, so duck when I swing my shit

I get rugged like Rawhead Rex with fat tracks that fits

The gangsta type, what I recite's kinda lethal

Niggaz know, the flow that I kick, there's no refill

I'm murderin niggaz, Yo, and maybe because of the
tone

I kicks my grip, the mic and kick shit

Niggaz can't fuck with

So remember I go hardcore, and slam

Nuff respect like a sensei, ba-bash like Van Damme

So any nigga that claim they bossin

What don't you bring your ass on over to Crenshaw and
Slauson

Take a walk through the hood, and we up to no good

Slangin on things like a real ho

G should, I'm stackin and mackin and packin a ten so

When you're slippin, I slip the clip in

But ain't no steady tripppin

Cause it's Death Row, rollin like the mafia

Think about whoopin some ass, but what the fuck
stoppin ya

Ain't nathin but a buster

I'm Stranded on Death Row for pumpin slugs in
motherfuckers

Now you know you're outdone

Feel the shotgun, Korrupt inmate cell block one

Verse Two: RBX

No prevention from this mention of sorts

Your're a victim, from my driveby of thoughts

No extensions, all attempts are to fail

Blinded by the light, it's time you learn braile

From the lunatic, I death like arsenic

When I kick up wicked raps

That the grain will hit the scratch

With treachery, my literary form will blast
And totally surpass the norm
Not a storm, plural, make it, many storms
When I'm vexed, I fly leg necks and arms
In this dimension, I'm the presenter
And the inventor, and the tormentor
Deranged, like the hillside strangler
MC mangler, tough like Wrangler
I write a rhyme, hard as concrete
Step to the heat and get burned like mesquite
So what you wanna do
The narrator RBX, cell block two
Verse Three: The Lady of Rage
Rage, lyrical murderer
Stranded on Death Row
And now I'm servin a lifetime sentence
There'll be no repentence
Since it's the life that I choose to lead
I plead guilty
On all counts let the ball bounce where it may
It's just another clip into my AK
Buck em down with my underground tactics
Facts and stacks of clips on my mattress
Bed frame there's another dead pain
Layin lain with the shame, who's to blame
Me, the lady of Rage

On when I'm comin from the D-E-A-T-Hin

R-O-W takin, no shit

So flip and you're bound to get dropped

It's 187 on motherfuckers don't stop

Handcuffed as I bust there'll be no debate

It's Rage, from cell block eight

Verse Four: Snoop Doggy Dogg

And yo steppin through the fog

And creepin through the smog

It's the number one nigga from the hood

Doggy Dogg

Makin videos, now I stay in Hollywood

Bustin raps for my snaps now they call me Eastwood

Dre is the doctor and my homey little nigga

Warren G is my hand and my hand's on the trigga

Shootin at the hoes with the game that I got

Sent to death row cause I wanted to make a quick one
servin my rocks

And I'm still, servin for mines, peace

To my motherfuckin homies doin time

In the pen and the county jail

Mobbin with your blues on, mad as hell

And you say yeah fuck the police

And all the homies on the streets is all about peace

And it's drivin the cops crazy

But ain't nuttin but a black thing bay-bee, uh

No I'm not flaggin, but I'm just saggin
I betcha don't wanna see the D-O double G
And you can't see, the D-R to the E
Or my motherfuckin homey D.O.C.
You know you can't fuck with my motherfuckin DJ
That's my homey and we call him Warren G
Yeah, and you don't stop
Doggy Dogg break em down with the motherfuckin
DoggPound
That's the only way we'll beat em man
We gotta smoke em, then choke em
Like the motherfuckin peter man
It's like three and to the two
And two and to the one
Cell block four peace Doggy Dogg's done
Outtro : Bushwick Bill
Yo, now you know the path I'm on
You think you're strong, see if you can travel on
Cause only the weak, will try to speak
Those who are quiet, will always cause riots
There's three types of people in the world
Those who don't know what happened
Those who wonder what happened
And people like us from the streets that MAKE things
happen
