Take a roll of the dice  
Gave me three side up  
But this number three  
ain't proved enough  
Hit it one more time  
Give me six side up

Standing on my own  
Without a helping hand  
Working day and night  
Just to make a plan  
My own disillusion  
Is enough to amuse  
ain't got enough to win  
But I can't afford to lose

Take a roll of the dice  
Gave me three side up  
But this number three  
ain't proved enough  
Hit it one more time  
Give me six side up

Take a roll of the dice  
Take a toll on my life  
Everything's on the line  
Better do it right  
This game of numbers  
Can only be a fluke  
My feet are growing tired  
Just walking in these shoes

Take a roll of the dice  
Gave me three side up  
But this number three

ain't proved enough  
Hit it one more time  
Give me six side up

Take a roll of the dice  
Give me six side up

Gotta do it tonight  
Now give me six side up  
Put it on the line  
Now give me six side up  
Put it out alright  
Now give me six side up  
I've paid my dues  
Now give me six side up  
can't afford to lose  
Now give me six side up  
Hit it one more time  
Give me six side up

Workin' so hard  
But it doesn't seem to show  
Seems like risk and danger  
Is the only way to go  
Money love happiness  
Barely out of reach  
How much longer  
Can I stay on this streak

Take a roll of the dice  
Gave me three side up  
But this number three  
ain't proved enough  
Hit it one more time  
Give me six side up
