[Hook: Joe - 2x]

That's how it's going down  
Seven days, seven days a week  
It's going down, o-oooh

[Lil Head]

Seven days a week around here, we pop champagne  
bottles  
Knocking off, fine models  
Don Perion, all the lean is what we swallow  
Get pissy drunk, like Ralo Ma Mavado  
Breeze out, about twelve o'clock  
It's time to hit the spot, where they keeping it hot  
All my ladies make it drop, mama do your thang  
You got a playa, bout to lose his brain  
H-Town, is the place to be  
(I need a ghetto girl), like Bow Wow and Jermaine Dupri  
No need, to explain to me  
Seven days a week, we hit the spot where it's flooded  
with freaks

[Hook - 2x]

[Joe]

When it's just about noon  
I gotta thank the Lord, for giving me one more day  
Ooooh, I've been chilling with my homies  
And smoking hay and sipping drank  
That's how we parlay, well it's alright  
If you wanna bring a friend or two  
Dance all night, do whatever you wanna do  
Cause ooh Woss Ness, done started this mess  
Let us entertain you  
Cause it's nothing but a party, ooooh

[Hook - 2x]

[Lil Head]

Seven days a week, once again I say the party don't  
quit  
No time for sleeping, cause you just might miss

Lil Head, ain't gon lie to you  
Man I love my city, I swear to God on the bible too  
Everything that we drive, is new  
If we ain't top down, we hard tops with the power roof  
Cause down South baby, you know it's on round here  
Down South baby, we roll chrome out here  
Won't you tip your cups, ladies shake that butt  
Playas on the flo', won't you gangsta strut  
Seven days a week, I say the party don't stop  
Body rock Southside, till your heart rate drop (ha-ha)

[Hook - 4x]

(Joe)  
We just chilling, at the part-ay  
With our people, that's how it's going down  
Uh seven days a week, oooh-oooh  
At the party, at the party sipping Jordys  
At the party, Woss Ness we're at the party  
My man Lil Head, fa sho he's at the party
