Chaos prevails, living in a dying hell, but you can't
change

it's just the world we live in

Rise above the rest, if you want to be my guest, but the
odds

are on that you won't make it.

Torments as far as the eye can see

Looters sifting through the debris

The son of Cain turns in his grave

I feel I've reached doom at last

Shades of deception, cast your fate on me

Power of rejection, never leave me be

Corruption rules / At my will

Ancestors / of this demon in me

They call to me demanding uncivility

It broke my will, it laid my dreams to waste

Destroy or adore me / Love or abhor me

hated ecstasy / This joyous agony

Ambience of mourners, know that it's the end

Decadence only goes so far, the other is blown away

Final time / alone in shades

Where are my friends / they said they's be here till

the end

My pleas fall on silenced ears

The dark is coming the sun won't rise again

Recede to nothing / I can't let that happen

You're the one who can be / devoured by agony
