A sickness in my body, disease within my brain  
Psychic trauma - emotional madness, my mind's filled  
with fear and pain  
Enter my subconscious, memories not my own  
Realities but a dream, that won't leave me alone  
Blackness fills my empty void  
Things not what they seem  
Suicide reigns as tyrant  
Darkness rules supreme  
Watch in fear as I take control of you  
Panic stricken - overridden, won't know what to do  
Cannot men a broken heart past the point of madness  
Tears you wear as you sleep only bring you sadness  
Leave me be I'll tell you know  
Quit screaming in my hear  
When darkness comes to you  
I'm the only one who'll hear you scream  
Scream - fighting for your life  
There is no insight  
Darkness rules supreme  
No one hears your scream

My dear dead brain cries out to those of you who've  
had

No one to stand beside you when you're going mad
