"Sealed In Blood"

Lurking in the shadows

As one with the mist

I'm waiting for your fair lady

To give you my bloody kiss

Run and hide

Time to die

Age old love

Sealed in Blood

Put up your wall of crosses

Take refuge in benevolence

My hounds of hell will dispell

All attempts at defense

Come to me

Sweet child

Feel my touch

Taste my blood

Running and hiding through London's streets

On your neck I'll feed

Running fast, but I'm always behind you

Tonight you'll bleed for me

The look in my eyes

Will be the last for your willful soul

You raise the stake, but cannot strike

As my aura takes control

Be my bride

Be my side

Fates entwined

SEALED IN BLOOD
