Boys I'm most done travellin', Lord I'm at my journey's
end
B'lieve I'm most done travellin', Lord at my journey's
end
Well I been lookin' for me a good partner, bad luck is
my best friend

Lord I was born for bad luck, bad luck is everything I
see
I was born for bad luck, bad luck is everything I see
Well I wonder why, bad luck keeps on follow me

There was thirteen children in my family, I was the last
one born
Thirteen children in our family, I was the last one born
I was born on bad luck Friday, lord on the thirteenth
morn'

Play it Jim

Bad luck is just like my shadow, follow me everywhere I
go
Bad luck is just like my shadow, follow me everywhere I
go
Till they follow me one time, back to my best gal's door
