Staring with my eyes wide open  
Bells are ringing,  
I hear voices and the chorus is singing  
Help is on the way x 4

Couldn't sleep last night  
Seems like there was no hope in sight  
I start to sing  
La la la la la la la la la  
I leave the past behind me  
La la la la la la la la la  
Cause I believe that help is on the way

Recently conversing with a love of mine  
She continues to bring up bad bad times  
More then once I went to him in prayer  
Through prayer a warming sense of comfort settles in  
It lets me know help is on the way

I could not sleep at all last night  
But that's alright  
I start to sing  
La la la la la la la la la  
I leave the past behind me  
Let no-one remind me  
La la la la la la la la la  
La la la la la la la la la

I never spent this much time at wits end  
Felt like the beginning of the end  
Oh lord hear my plea  
Before something bad happens to me  
Help is on the way x4

Couldn't sleep last night  
Seemed that there was no hope in sight  
La la la la la la la la la

I leave the last behind me  
La la la la la la la la la  
Let no-one remind me  
La la la la la la la la la

I know help is on the way  
I know I know
