Yeah, when, when I was a little altar boy
I swear it gave me so much joy
?Cause I could really feel that amazing grace
Now I don't know what is right
I have lost my guiding light
And I can't seem to find any peace of mind

'Cause if there is a God
He's around, he don't wanna say
Just a guessing game
Guessing game, I don't wanna play
I might be wrong
I am wrong, will I have to pay
All my days

It's so hard
Living on the human world
It's so hard all upon your own
I don't know, I want to believe
But it's so hard, hard, hard
It's so hard

Well, have you heard it say
That heaven's only in your head
If you never find it in this life
Keep coming back until you get it right

But who can say
Who can say the fate of human kind
It's just like a picture
It's like a picture painted by a blind man
They always say, always say
That every man is free
I, I just don't see

It's so hard
Living on a human world
It's so hard all upon your own
No, no, no, no, no, no, no
I don't know, I want to believe
But it's so hard, hard, hard
It's so hard

It's so hard

Well, well, well

Well, well, well

Well, well, well

So hard

Well, well, well

Well, well, well

Well, well, well

Well, well, well
