Peek-a-boo and this little piggie  
Patty cake and the baker's man  
London bridges and ring around the rosy  
Hopscotch, pin the tail, kick the can

People help me sing this song  
Everybody use their own imagination  
People help me sing this song if you like  
To play... ay ay ay ay ay ay ay ay ay ay  
Simon says you lost your marbles  
Mother may I go hide and seek  
Still workin' them monkey bars  
Will you merry go round with me

People help me sing this song  
Everybody use their own imagination  
People help me sing this song if you like  
To play... ay ay ay ay ay ay ay ay ay ay

Spin the bottle don't kiss and tell  
You're the one I really wanna play with  
I been chasin' after you for so long  
Finally caught you now, tag, you're it

People help me sing this song  
Everybody use their own imagination  
People help me sing this song if you like  
To play... ay ay ay ay ay ay ay ay ay ay
