She wants to know
Why did I have to go
We were such good friends
Then we watched the party end

She needs to speak
Now is no tongue in cheek
So she can free her mind
She thinks I was unkind

Life often takes a turn
Love, many times will burn
But if you look at him
Sorrow will not fill your head

So I am holding on
To a memory, is that wrong?
So my desire I can keep
Close to me while I sleep

She, she

Life often takes a turn
Love many times will burn
But if you look ahead
Sorrow will not fill your head

She wants to know
Why did I have to go
We were such good friends
Then we watched the party end

She, she
