Yeah, yeah, yeah  
She had what I desire, her love  
Wild as fire yeah, yeah  
Wonder what secrets a woman keeps inside  
Cast a mighty spell on this man's eyes

See her standing in the light  
She's confused often at night  
She's alone when there's ten thousand there  
All I see is the color of her hair  
She's alone when there's ten thousand there  
Yeah, yeah

And why truly should I try to possess her  
When she should be flying so high?  
When the wine is right there in your cup, yeah  
What fool would refuse to drink it up

See her standing in the light  
She's confused often at night  
She's alone when there's ten thousand there  
All I see is the color of her hair  
She's alone when there's ten thousand there

See her standing in the light  
She's confused often at night  
She's alone when there's ten thousand there  
All I see is the color of her hair

She's alone when there's ten thousand there  
All I see is the color of her hair  
She's alone when there's ten thousand there  
All I see is the color of her hair

She's alone when there's ten thousand there  
All I see is the color of her hair  
She's alone when there's ten thousand there  
Yeah, yeah

She's alone, she's alone, she's alone  
She's alone, she's alone  
She's alone, she's alone, she's alone

She's alone, she's alone
