Hey you, have you done somethin lately for you
Hey you, to feel good it's only for you
Hey you, for it's another great day for you
Hey you, I tell you I've been so lonely for you

I can't go on for you, I can't go on for you
I can't go on for you, won't you tell me what's wrong?

Yeah I, I wish for you a wonder, oh I
Yeah I, I don't know the reasons why I
And I, I see from you, you plunder, oh I
And I, I sit and pray and cry

I want you, I want you
I want you, I want you to tell me what's wrong

Tell me, tell me, tell me, tell me
Tell me, tell me, tell me, tell me

Tell me why I want you
Tell me why I want you
Tell me why I want you
Tell me why
Want you to tell me what's wrong
