Is Forrest Gump a comedy?
tell me how do these things happen?
confusion,
illusions,

your signals
get mixed in the wires,
too hard to untangle,
something like that,

now tell me how do these things happen?,
all this animosity,
and so little time

your signals
get mixed in the wires,
too hard to untangle,
something like that,

a busy signal,
a dial tone,
something like a moan,
tell me how do these things happen?

your signals
get mixed in the wires,
too hard to untangle,
something like that,

something like that
something like that,
over and out
do you copy?
wasn't it funny?
