you can think of me as your shadow
I move me with your movements,
or maybe just call me your belt,
wrapped tightly around your waist
holding on,
waiting for you take me off
and hang me up like another trophy on your wall,
hanging out inside,

little to some
is how it seems you want me
(I want you)
some to a lot
is how it seems I want you,

sitting at the park,
I saw you,
and you smiled, I waved,
doesn't it seem ironic,
we talk and laugh
but it ends so soon,
seemingly sound you walk around,
noticing everything and eventually me

some to more than I think
is how it seems you want me
(I want you)
more than you think to quite a bit
is how it seems I want you

have you ever talked
in metaphor's
because I'm a bull
heading right for the colors I see

To an extent
it seems you want me
(I want you)
To an extent
it seems I want you
(want you)

To an extent
it seems you want me
(want me)
