Let me be the one
I know it can be done
so let me be the one

Cut me up when
you make fun of me
always laugh we never disagree
Childhood pals
you couldnt tear us apart
you always said that you should marry me
I never thought you take it
seriously
I was satisfied with being just friends

When you looked at me that night
I felt something change
and since the kiss goodnight
been dying to see

Let me be the one
I know it can be done
Best friends want another
Let me be your man
I'm here to make a stand
Falling for you was not in my plans
Theres no turning back her
I know
When I'm not with you
I'm alone
So let me be the one

You said that this wasnt something
we could do
your emotions got the best of you
did you really think
I'd break your heart?
Remember that day when we were ten
I made a promise to you then
we cut and shook hands

The walls we build

will shape our destiny
There's no use fighting off
whats meant to be.

so
Let me be the one
I know it can be done
Best friends want another
Let me be your man
I'm here to make a stand
Falling for you was not in my plans
Theres no turning back now
I know
When I'm not with you
I'm alone
So let me be the one

If theres one place that I could be
I be there with you
and youd be here with me
sharing life and chasing dreams
girl your everything to me

so let me be the one
Let me be the one
I know it can be done
Best friends want another
Let me be your man
I'm here to make a stand
Falling for you was not in my plans
Theres no turning back now
I know
When I'm not with you
I'm alone
So let me be the one

let me be the one

let me be the one
