"Come On Over To My Place"

Little girl you look so lonesome, I see you're feeling
blue
Ain't no use in staying at home, I know what you should
do

Come on over to my place, hey girl we're having a party
We'll be swinging, dancing and singing, baby come on
over tonight

Now you don't need the address, to find out where
we'll be
'Cos you can't help hearing the music, half way down
the street

So baby, come on over to my place, come on we're
having a party
We'll be swinging, dancing and singing, baby come on
over tonight

When we get tired of dancing, and start getting slow
That's the real best part of the evening to turn the
lights down low

So baby, baby, come on over to my place, hey girl
we're having a party
We'll be swinging, dancing and singing, baby come on
over tonight

(Instrumental)

Yeah, yeah, yeah, yeah
Come on over to my place, hey you(hey you) we're
having a party
We'll be swinging, dancing and singing, oh baby won't
you come on over
tonight
Yeah, yeah, yeah
Come on over to my place, hey you(hey you) we're
having a party
We'll be swinging, dancing and singing, oh baby won't
you come on over

Yeah, yeah, yeah,yeah
Come on over to my place, hey you(hey you) we're
having a party....
(fade out)
