Millions dying disemboweled. So unholy were their past lives.

There is no turning from this Infernal Catastrophy.

If they had accepted Christ, took the cross and changed their lives, if they had repented first,

They would have no place in Hell.

Corpses still suffering death, dying and dying again and again. totally absent from God.

Reality laughed in their face.

Lamb was slaughtered for their sins. Only some were led to this life in Christ so plentiful.

And the rest were fools.

Persecution of his ones. Hundreds died and were martyred. Heaven awaits our souls. Rejoice!

Corpses stil suffering death, dying and dying again and again. Totally absent from God. Reality

Laughed in their face...again

Screaming will never end. Instantly burned to death.

Ignorance killed their souls, dyng and

Dying again.
