These events are written in Prophecy:
AFTER the conflict has died, there is still more
Violating of the principles of life
Dwelling around me is Satan the Beast
Relentless Rebrutalization of man.
Slowly awaiting to seek and destroy. Slowly awaiting.

Victim of intensified destruction of the brain.
Injuries to vital organs of the already rotten mind.
The sickness now begins. This is our nature.
These maledictions are embedded in our heads, like a
Chain reaction of iniquity.

Injury to the body
Worship of the Flesh
Existence of disgrace which ends in a cursed infinity
How do we escape our fate of I'll deception?
How do we escape our lust for self-degradation?

Entity of hatred. Brutalizer of Humanity. Entity of the
Serpent. I despise your being.

Depravation to the end of time. Since ancient days you
Have walked. Murderous annihilation. Race of endless
Condemnation.

Depravation until the end. You must die.
Since time began you were of Hell, you wretched
spawn
You exist, and end to your lies, corruptor of all
Soon to die under the masses of endless suffering.

Injury to the Body
Worship of the Flesh
Existence of Disgrace which ends in a cursed infinity
