Dark faces all around me,
No fear is what Ive learned,
In the night I cant help but wonder,
Where do I go from here?
Cold and shaking not ready for an aching,
Death is what I live for and pain is what Id die for.

Thrown down on spikes and I have smashed my head,
Against these broken pipes one too many times,
My hands bleed an immortal blood,
My heart is open and has been crushed.

Bleed little girl bleed is all I can think,
As death is something that has been to far from
coming,
Im ready for anything and I dont want to blink,
All I can think about is what is headed my way,
A flash of lightening and everything is clear.

Thrown down on spikes and I have smashed my head,
Against these broken pipes one too many times,
My hands bleed an immortal blood,
My heart is open and has been crushed.

Die little girl die is all I can say,
But my head is pounding why am I bleeding,
I cant breath anymore soffication every night,
Hands wrapped around my neck,
So tightly that I am sure I am a sacrifice.

Thrown down on spikes and I have smashed my head,
Against these broken pipes one too many times,
My hands bleed an immortal blood,
My heart is open and has been crushed.

Ripping out my hair,
Throwing up my food,
Cutting on myself,
And Im trying not to be rude!
Thrown down on spikes and I have smashed my head,
Against these broken pipes one too many times,

My hands bleed an immortal blood,
My heart is open and has been crushed.

Put yourself in my position,
Take a look at me,
My face is a vision,
Of a little girl who bleeds.
Boom, a shot of gunfire,
Pow, hits me right in my chest,
Im bleed Im dieing,
Im taking my last breath.-ac
