Hey vimen and also shladies
Lishen to Group X, on the morning x

You got to come Arabian, you need to come Arabian
All of the shladies like to touch Arabian
You need to come Arabian, you got to come Arabian
All of these shladies want to touch Arabian

You piss me off, make me cry
Don't listen to the morning show I kick you in the eye
Because boys listen to me, they don't know what
they're sayin'
And they know when they come they got to come
Arabia

You got to come Arabian, you need to come Arabian
All of the shladies want to touch Arabian
You got to come Arabian, you got to come Arabian
All of these shladies want to touch Arabian

Bernise and Leslie, Jimmy and Leslie
They want the chocolate, they want Neslie
And they want the people and Capitan Crunch
Listen to the morning show, you like to get punched?

You got to come Arabian, you got to come Arabian
All of the shladies want to touch Arabian
You got to come Arabian, you need to come Arabian
All of these shladies want to touch Arabian

Arabian rap Group X, morning X, 99 X!
