[Dru Down]

You got me ready to put it down like this bitch, in a real fashion

If you scared don't listen, I'm not lookin' for federal attraction

Hoe I'm smashin' on you, and your whole crew 'cause I love you

But fuck you, you gon' make a nigga straight up buck you

[Kurupt]

I ain't no busta so don't play me like no fool on the streets

All I need is a piece, and somethin' to eat

Havin' flashbacks of times, big pimpin', big riches

Gamin' up all the little and big bitches

[Dru Down]

About the riches, I wants to bury mine in ditches

For the penny pinchers, fuck all hoes that's out to get ya

This here is business, because that ass you can't protect

Take it like a real woman, bend over doggystyle bitch

[Kurupt]

Yo homie I'm a fool when it comes to the game

Takes all a nigga got not to blast off shots

So I'ma just stay calm and remain composed

Cause it's the same old story just different hoes

..

[Bad Azz]

Money-money-money and bitches to go with it

And guns for those niggaz who think they gon' get it

Gain power and control, all eyes surveyin'

Be respected by those who ball over me

Movin' conspicuous, capitalize on legal tender

Money circulates with any race or gender

You into life or knowingly playin' close to death

And the grind only occupy time before death

[Dru Down]

We rockin' up rocks, while my woman at the spot  
On the block, down comes the door - at least 15 cops  
She didn't know never, I shoulda know better  
But I gots to get the cheddar  
No matter however, whatever it's gon' take  
Cause I can't go broke, that means you gon' break  
That's for the false fake, that's why I gots to  
keep me a down bitch on the list with a grip, for real  
bitch

[Kurupt]

Man she's bad to the bone plus deadly as sinai  
Rollin' in a G-ride with a half a bird inside  
On the way to drop the stock off, in case it pop off  
Got a glock to top off, there's a twister to drop off  
Sensual, seductive, a bad lil' bitch  
I don't want a lot baby just a little bit  
Me and the homies dippin' in cruise ships  
Dru Down and Bad Azz, Kurupt and Daz
