Verse 1:

Floating vessel
Searching through time
Nothing left here
So far behind
Sacred pleasures
Spend in my mind
Broken vessel
Wish you were mine

Chorus:

I gave to you
YYou gave to me
The debt will fall for all in need
A simple way
For all to change
Realize our lives are one and same

Verse 2:

Broken whisper
Into divine
Open promise
Sinks in the time
Loathing hunger
Blistering unkind
Different feelings
Youth undermines

(Chorus)
