Last night I wandered
In sleeps velvet veil
On dream crystal potions
Behind silken sails
Cold marble laughter
Is taking my mind
To a world of illusion
Spaceless in time

Oh Magdalaine listen to my call
Magdalaine catch me when i fall

For years I have wandered
In solitude cried
I reach out to touch
The love so denied
Smell of magnolia
You presence is near
My love is eternal
Perfect and clear

Magdalaine listen to my call
Catch me when I fall
Lost as the ocean
High as the sky

Voices violent eyes
Ruby death and stormy skies
Zodiac child of fire
Everlasting sweet desire

Magdalaine listen to my call
Magdalaine catch me when I fall
