"Ease My Pain"

Like a tree that burns in flames,
On a land with thousand names,
I feel inside myself since I met you
Like an alien on Earth,
Who just found another curse,
I can hardly turn around again
Now that I close my eyes,
I won't see no more lies,
Now that we walk around,
I will never go down.
You swallow my tears and heal my body,
You know how to ease my pain.
And when you see me again so broken-hearted,
Nothing will be in vain. I don't wanne lose you!
I don't wanne lose you!
Like a steam in desert-land
Like the sun, that holds my hands,
I can feel you in my heart so strong.
Like a shadow in my mind,
I can see you all the time,
Now I know, that I have found my way.

Now that I close my eyes,

I won't see no more lies,

Now that we walk around,

I will never go down.

You swallow my tears and heal my body,

You know how to ease my pain.

And when you see me again so broken-hearted,

Nothing will be in vain. I don't wanne lose you!

I don't wanne lose you!

Now I'm melting away.

Hang around an I pray,

That you won't find another one

I know

I'm the one, that you want,

You're the one that I need,

I will love you till the end of time I swear

Now that I close my eyes,

I won't see nomore lies,

Now that we walk around,

I will never go down.

You swallow my tears and heal my body,

You know how to ease my pain.

And when you see me again so broken-hearted,

Nothing will be in vain. I don't wanne lose you!

You swallow my tears and heal my body,

You know how to ease my pain.

And when you see me again so broken-hearted,

Nothing will be in vain. I don't wanne lose you!

I don't wanne lose you!
