Your own fault it's new news  
To hear I blame this on you  
Just enjoy it's your choice  
To see success in your shoes

Smile or frown up or down  
Can't let go of all your dreams  
Feel the heat you never sleep  
But you can do more than it seems

I leave this up to you  
(Must be up to you)  
To choose what you must do  
(Through fire and the flames)  
I leave this up to you  
(Must be up to you)  
To do what you should do

Where were you? I lost you  
Right beside you all the way  
I chose to, to quit you  
But you just threw dirt in my face

Whine and shout can't figure out  
Circumstance is your excuse  
An' now your right I call you out  
You're so much more, son, than you choose

I leave this up to you  
(Must be up to you)  
To choose what you must do  
(Through fire and the flames)  
I leave this up to you  
(Must be up to you)  
To do what you must do

I leave this up to you  
(Must be up to you)  
To choose what you must do  
(Through fire and the flames)  
I leave this up to you  
(Must be up to you)

To do what you must do  
(Through fire and the flames)
