And she  
She just dumped me  
I'm kinda upset now  
Trying to figure out  
What I did now  
I'm kinda tired  
You're, you're a liar  
Why am I thinking about you still?  
Do what you want, do what you will?

It's over (Cause she just dumped me)  
It's over (She's had enougha me)  
It's over (I think she cheated on me)  
It's all over now

And she  
She just called me  
Actually  
It was her friend Jilly  
Telling me  
She's better off with Willy  
I can't believe I'm thinking about you  
I hope your happy off with Will

It's over (Cause she just dumped me)  
It's over (She's had enougha me)  
It's over (I think she cheated on me)  
It's all over now

And she  
She just dumped me  
What did I do now  
I'm done figuring it out  
It's all her fault  
I guess I'm not done at all

It's over (Cause she just dumped me)  
It's over (She's had enougha me)  
It's over (I think she cheated on me)  
It's all over now
