"Shadows And Silhouettes"

IæŠ! the shadow while you shine
Sculptured features divine
IæŠ! the sadness behind your fortune and fame
YouæŠ£I take the credit IæŠ£I take the blame

IæŠ! a silhouette of your charm
The broken line on your palm
IæŠ! a hidden flaw in the true excellence
IæŠ£I sacrifice for your innocence

Shadows and silhouettes
The demons inside your head
Uncover your secrets and regrets
Shadows and silhouettes

IæŠ! reflecting all your grace
The glamour and perfect taste
IæŠ! a cheap fake of your pure elegance
The opposite of your radiance

Shadows and silhouettes
The demons inside your head
Shadows and silhouettes
The demons inside your head
IæŠ! hiding inside
IæŠ! hiding inside your head
