Hello Madame, I'm here to be your man
Take me all around you but be gentle with your kiss
Can't you see there's no other, ever loved you better
Come with me, and you'll see that I'm all you'll need

Trophy wife, show you what feels nice
I'll take you on the ride of your life
Trophy wife, forget about your strifes
I'm the only family you'll ever need

Get back, get back it's me you love the most
You don't need to talk to all these people that are close
Many times, I've lost your kind
Stay with me, I'll show you things
People like in these social confrontations
Resolutions, bits of fascination
All my life I've been waiting for you
You are my toy, closed doors inside a bedroom

Trophy wife, show you what feels nice
I'll take you on the ride of your life
Trophy wife, forget about your strifes
I'm the only family you'll ever need

Every second that my heart beats faster
Makes me believe in an ever after
Fell in love with you

Can't stop, won't stop, never let you go
So close to realize our story's been told
Cause all my life I've been waiting for you
You are a toy, closed doors inside a bedroom

Trophy wife, show you what feels nice
I'll take you on the ride of your life
Trophy wife, forget about your strifes
I'm the only family you'll ever need

Trophy wife
Trophy wife
