Applause faded  
a moment of delight is now left behind  
Audience gone home  
I have nothing to give or say  
emptiness filling me

I'm so tired but I can't get no sleep  
wish you could be here with me and  
give me what I need

I'm all alone here tonight  
I pine for your voice with a smile

Clouds dissipating  
a light breath of wind is stirring up the air  
I feel it in my bones  
Moonlit desert sky  
naked in the arms of wind  
cradle me to sleep

I'm so tired but I can't get no sleep  
whisper those words you once said and  
wind will bring them to me and  
give me what I need
