You have got me spinning around
Crushing on you every time you're around
Tripping on every word that i say
From the way that I'm losing
to your powerful game

I treasure your name
Like the goddess of gold, it'll never change
Baited hooked and I'm ready to go
All you got to do is let me know

Just wanna win a date with you but
The gates are locked to your paradise
I've got the key to your heart
but you'll never know it
even after i sing you these lullabies

I love the perfect way you're looking every day
Banging on my heart till i finally say
you're the drug that i need
So hard for me to leave
Cant quit you if i wanted
I will fall on my knees

Whisper your name
Forty times and the feelings hasn't changed
Laced with honey I close my lips
As I patiently wait for my chance at best

Just wanna win a date with you but
The gates are locked to your paradise
I've got the key to your heart
you'll never know it
even after i sing you these lullabies

I need you so very much it's my fault
All I really need is your love
Night after night when I think of us
Being together, I'll love you whenever oh yeah
Ohhh!

Just wanna win a date with you but
The gates are locked to your paradise
I've got the key to your heart
but you'll never know it
even after i sing you these lullabies

I wanna sing you lullabies
Even after I sing you these lullabies
