I never believed in luck or destiny
And it took me some time to figure out
What I need

All the feelings that I've known
They all lead back to you
And all the places that I've gone
They all lead back to you

I never gave in when they told me
Who I should be
And if they could see through my eyes
My clarity

All the feelings that I've known
They all lead back to you
And all the places that I've gone
They all lead back to you

When I'm na, na€!

Can you see it?
It's all that I've got
Can you believe it?
It all leads back to you

It took me some time to figure out

All the feelings that I've known
They all lead back to you
And all the places that I've gone
They all lead back to you

Yeah, I lead back to you

When I'm na, na€!
