When I walk on the city pavement
It's like a trigger goin' off in my mind
These times are a lonely savior
That's all I need to find

Sittin' on a city pavement
Sittin' on a city pavement
Sittin' on a city pavement
Sittin' on a city pavement

Like colors on a streetlight sidewalk
Dark fight goin' on in my mind
These times are a lonely savior
That's all I need to find

Sittin' on a pavement
Sittin' on a pavement
Sittin' on a pavement
Sittin' on a city pavement

Sittin' on a pavement
Sittin' on a pavement
Sittin' on a pavement
Sittin' on a city pavement
