As you scrub away the halo  
As you listen to the radio  
Its always gonna be the same way  
We're all hoping for a fadeaway  
Can we bare to look now  
As we see them fall down  
And we can wait up all night  
But nothings gonna change  
Its just another pop death  
Its on the TV all the time  
This is how we change  
Its just another popdeath  
When I'm staring at the TV  
Its like I'm looking at a memory  
Its always gonna be the same way  
We're all hoping for a fadeaway  
Can we bare to look now  
As we see them fall down  
And we can wait up all night  
But nothings gonna change  
Its just another popdeath  
Its on the TV all the time  
And this is how we change  
Its just another popdeath  
And we can wait up all night  
Nothings gonna change  
Its just another popdeath  
Its on the TV all the time  
And this is how we change  
Its just another popdeath  
And you can care if you really want  
Sing their songs when they're dead and gone  
You can bleed for their tortured souls  
Too much sex and rock n roll  
[Solo]  
And we can wait up all night  
Nothings gonna change  
Its just another popdeath  
Its on the TV all the time  
And this is how we change  
Its just another popdeath  
And we can wait up all night

Nothings gonna change  
Its just another popdeath  
Its on the TV all the time  
And this is how we change  
Its just another popdeath  
Its just another popdeath  
Its just another popdeath  
Its just another popdeath  
Its just another popdeath
