Shame on you today  
For taking what i say  
And turning it into a lie  
He told her and said  
"I'll tell you what he did"  
You think i care  
I don't know why

Guilty voices and bad choices make or break you if  
they hate you

Don't need a reason don't need a feeling  
Cold discussions, conversations  
Fill this room right up to the ceiling  
With your rumour

People talk aloud  
Passing through the crowd  
Talk, talk, talk is what you do  
Carry on that way  
I don't care what you say  
Cos life is short and that's a truth

Guilty voices and bad choices make or break you if  
they hate you

Don't need a reason don't need a feeling  
Cold discussions, conversations  
Fill this room right up to the ceiling  
With your rumour

Guilty voices and bad choices make or break you if  
they hate you

Don't need a reason don't need a feeling  
Cold discussions, conversations  
Fill this room right up to the ceiling  
With your rumour [x2]  
Don't need a reason don't need a feeling  
Cold discussions, conversations  
Fill this room right up to the ceiling  
With your rumour
