(*Shima singing*)

[Hook: Shima]

High come down

Why do you make my high, come down

[Lil' Keke]

Put the Crys on ice, let the lights dim bright

Put your best dress on, cause we fucking tonight

Lay your hair down, cause you a beautiful star

Got the laced thong on, with the matching bra

Had a sip of hypnotic, now you feeling erotic

Wanna get up under me, and start touching your body

I make your high come down, up and down

Give me some leeway, head on the freeway

Slide the roof back, put the square in the air

Damn you looking good, with everything you wear

You my sugar brown round mound, you take it

downtown

Everywhere we go, for real it's going down

I'm the young Don, you got it tatted on your back

Love the way I hit it, from the back in the Lac

Like that, round and round to H-Town

I know what to do, to make your high come down, come
on

[Hook: Shima]

High come down

Why do you make my high, come down

High come down

Tell me why do you make my high, come down

[Lil' Keke]

I can't wait to hit the interstate, doing 150

Throw the weed out, 'fore the law come get me

I'm on my way, to the place you stay

And don't worry bout the Benz, cause it's a-ok

I'm in a drop top 5, put it in six

Buckle up your belt, we gon scratch to the mix

You're my boo it's true, you make my high come
through

Gon jump in the hot tub, do what you do
Cause tonight's your night, and tomorrow's your day
I'ma hit the hot spot, with no time to play
In the Lex-O, and your homegirl's hating
Stop at the light, 22's rotating
Call up the cellular, business on the regular
First class strips, if I wanna get next to you
Oakland, on back to H-Town
And I got what it takes, to make you come down, come
on

[Hook: Shima]

[Lil' Keke]

Ok let's do it again, before the sun rise
Come over and let me touch up, on your thick thighs
Let me squeeze your chest, let me caress your breast
We can see the whole world baby, east to west
Well yeah don't forget, I'm a thug nigga
Undercover low key, I'm a mob figga
But let me take you to the zone, going one on one
We getting mesmerized, we going half on the sun
Catch you on the weekend, and we freaking
But I see you next week, and we probably not speaking
Playas, you know we play that way
But I'ma ride off baby, it's a beautiful day
On the low-low, we smoking do-do
We at the bachelor pad, we doing the freak show
Say I see you next time, when I'm back in town
Best believe, I'ma make your high come down, what

[Hook: Shima - 2x]
