Everybody knows a rose blooms in spring
I'm a rose with thorns and I'll tell you one thing
Ain't buzzin' 'round the end of no string
No, my love is like a bumble bee sting
My love is like a bumble bee sting

Well, you ain't no king bee buzzin' 'round my hive
Once I stick you, gonna put you in line
Ain't buzzin' 'round the end of no string
No, my love is like a bumble bee sting
My love is like a bumble bee sting

I'm like a little kitten hidin' in the grass
But I'll pounce like a tiger when you cross my path
You might be seeing stars, hearing birdies sing
My love is like a bumble bee sting
Yes, my love is like a bumble bee sting

Well, you ain't no king bee buzzin' 'round my hive
Once I stick you, gonna put you in line
Ain't buzzin' 'round the end of no string
No, my love is like a bumble bee sting
My love is like a bumble bee sting

That lovely rose will bloom in spring
I'm a rose with thorns and I'll tell you one thing
Ain't buzzin' 'round the end of no string
No, my love is like a bumble bee sting
My love is like a bumble bee sting
