Well, it's bad luck baby, it's pourin' rain outside  
It's bad luck baby, it's pourin' rain outside  
An ill wind's been blowin' your kisses far and wide

I hear a roll of thunder and a storm comes movin' in  
I hear that roll of thunder and a storm comes movin' in  
Well, I can't find my baby --- Lord knows the trouble  
he's in!

Well it's bad luck baby, it's bad luck  
It's bad luck baby, it's bad luck  
It's bad luck baby, but you just can't get enough  
It's bad luck baby, but you just can't get enough

Don't look now, baby, here comes that ol' black cat  
I said, don't look now sugar, here comes that ol' black  
cat  
Well, cross her path and you're gonna wish you hadn't

It's bad luck baby, it's bad luck  
It's bad luck baby, it's bad luck  
It's bad luck baby, but you just can't get enough  
It's bad luck baby, but you just can't get enough

I hear that roll of thunder and a storm comes movin' in  
I hear that roll of thunder and a storm comes movin' in  
Well, I can't find my baby --- Lord knows the trouble  
he's in!

It's bad luck baby, it's bad luck  
It's bad luck baby, it's bad luck  
It's bad luck baby, but you just can't get enough  
It's bad luck baby, but you just can't ----
