i want you before we retire  
and it's all i require girl  
and i'm asking of you  
you know that your mouth's wide  
so don't you deny it  
if you do i won't buy it  
girl what you're putting me through  
so dummy up dummy up dummy up dummy up  
i want you to dummy up  
you don't stop day by day you're nothing but chatter  
what the hell does it matter girl  
you've got nothing to say  
whine whine whine like julio gallo  
it's the patter that's shallow girl  
it's the price that you pay  
every day's like a floor show  
listening to a talking torso  
asking me to open wide  
take it outside  
i don't want to hear you - please dummy up  
don't want to be near you - please dummy up

end of conversation is the situation

if you'll only dummy up

you've incurred my wrath

you know you should fear it

but you don't even hear it girl
