you're so hideous  
you're not one of us  
i really pity you  
and i don't want you  
it's so hard to face you're face  
every time i look at you i feel disgrace  
i don't want to find you in my place  
you are just a basket case  
it's so hard to face you're face  
every time i look at you i feel disgraced  
i don't want to find you in my place  
you shouldn't belong to the human race  
you're so hideous  
you're not one of us  
i really pity you  
and i don't want to know you
