(melfa atmo english lyrics by peter callendar)

If youll only give me time
All the heartache that he left behind
Will fade from my mind
Ill be free to love again

If youll only give me time
Ill forget I even knew his name
Forget that he came
Ill be no good till I can
Try to understand
But when Im sure I need him no more
Thats when Ill reach out for your hand

So darling give me time
And you will see that im
Ready to love you
Just as you love me
Wait awhile
til I can find my smile
And Ill be yours for as long as I live
If youll only give me time, yeah

So darling give me time
And you will see that im
Ready to love you
Just as you love me, oh
Wait awhile
til I can find my smile
And Ill be yours for as long as I live
If youll only give me time
