(Verse)

Aniseed kisses and lipstick traces,
Lemonade sipped in Belgian rooms
Couldn't replace the graceful notions
That clung to me when I clung to you.

(Verse)

And they touched you like no one touched you,
When you broke they were there with glue,
And their kindness was not a weakness
When they were there they were there for you.

(Chorus)

But will they ever love you,
The way, the way I loved you?
We jumped over the barriers
Jumped over the barriers.

(Verse)

And our world it was wrapped in tinsel
Invitations and fountain pens
But the heart is a lonely hunter
It trapped you once and it'll trap you again.

(Chorus x3)

Will they ever love you,
The way, the way I loved you?
We jumped over the barriers
Jumped over the barriers.

Jumped over the barriers
Jumped over the barriers
Jumped over the barriers
Jumped over the barriers
