Slipping through the city, sliding train to train,
Sulking on the subway, music in our brain
She and me together in the city sound,
Me and Mona Lisa on the underground,

Hi-fi in the white city, yeah yeah
Hi-fi in the white city, yeah yeah
Hi-fi in the white city, yeah yeah
Hi-fi in the white city, yeah yeah

Slipping through the city, sliding train to train
Sulking on the subway listening to the trains
She and me together speed through space and time
Graffiti in our eyes and music in our mind

Hi-fi in the white city, yeah yeah
Hi-fi in the white city, yeah yeah
Hi-fi in the white city, yeah yeah
Hi-fi in the white city, yeah yeah
