Just a girl, North of England way  
Came to me one sweet December day  
Is your heart dear as cold as your room?  
Told her several times that I didn't like her tunes  
Come to me softly  
Come to me sweet  
Are we so pale cos we don't eat meat?  
Are your arms dear as warm as mine?  
Things could have been so different if we only have  
more time  
And as I turn the page of my favourite book  
Sweet Gene Vincent was never that good  
Can you see dear as good as me  
?? and ?? will never set you free  
Just a girl, North of England way  
Sang to me on a darkest day  
Is your heart dear as cold as your room?  
I told her several times that I didn't like her tunes  
Sing to me softly  
Sing to me sweet  
Sing so weakly ??  
Were your clothes dear as cheap as mine?
