All the white kids shuffle to the heavy metal stutter  
And go shaking on the scene like killing machines  
And they know that when she's stacked up top  
She'll be a sucker for the shotgun show  
Shaking obscene like killing machines here we go  
It's the same all show, he's a killer he's a flashboy oh  
He's a killer he's a killer he's a flashboy oh  
Oh if you shake your fake tan thru aerosol land you'll  
know  
That you'll suffer for your sex by the caravanettes oh  
no  
And that shitter with the pot won't be putting it about no  
more  
Or shaking obscene like a killing machine here we go  
It's the same old show, he's a killer he's flashboy oh  
He's a killer he's a flashboy oh...  
..oh and Anthena loves your body  
So think of the sea darling  
Think of the sea as you murder me, murder me,  
murder me, murder me, murder me...  
It's the same old show, he's a killer, he's a flashboy oh  
This the killing of a flashboy oh.
