Shame on me  
Well, I had the beast you see  
And if he can take it  
I can take him home with me

Shame on her  
She's a lovely little number  
And when we go lassoing, you get lassoed, all of you  
If you can take it, I can take it

And we're moving, so moving  
So we are a boy, we are a girl  
So moving, so moving

Shame on the girl  
She's got a big black dog in her  
And while tough kids sing about tough kids  
She just skins the world

We'll never, never play the harp  
And we'll stick like sick on the stars  
And if you can take it, I can take these stones from my  
heart  
If you can take it, I can take it

And we're moving, so moving  
So we are a boy, we are a girl  
So moving, so moving

If you can take it, I can take it, all of me  
If you can take it, I can take it all  
If you can take it, I can take it, all of me  
If you can take it, I can take it all
