Open your eyes and live again  
And I'll open my heart and love again  
I'll open my mind deep inside  
Yes, I know it's blue

We all believe in Amsterdam  
Paris and Spain and Vietnam  
No one believed you  
When you said your heart was blue

It's raining inside and it's raining tonight  
And it's raining for me and for you  
'Cause all that we see  
Is a life fucked by money  
And a world of celebrity fools

Oh Simon, are you lost in the pollution?  
Simon, are you somewhere in my soul?  
Simon, are you nothing but a notion?  
Simon, where do we go now?

Planes write your name up in the sky  
And flowers die for your suicide  
The train stops in vain  
And the pain stop for you

And we all believe in insulin  
Perfume and soap and Ventolin  
But no one believed you  
When you said your heart was blue

It's raining inside and it's raining tonight  
And it's raining for me and for you  
When nothing makes sense  
But the pounds and the pence  
And the dollars and cents are we lose?

Oh Simon, are you atoms in a jam jar?  
Simon, are you somewhere in my soul?  
Simon, are you nothing but a photo in a passport?  
Simon, where do we go

Oh  
Oh Simon, oh  
Oh Simon, oh  
Oh Simon, oh, oh
