(Verse)

The air is still we are struck like matches
Too beautiful to really care what's right
The rumours burn like roman candles
In the broken lights

(Chorus)

This love is lifting her
This love is lifting you
Over snowblind moments
This love is lifting her
This love is lifting you
Over snowblind moments too

(Verse)

There's aniseed and you're laced with kisses
The morning comes with the blackbird song
We find our keys on the kitchen table
And forget what's done

(Chorus)

This love is lifting her
This love is lifting you
Over snowblind moments
This love is lifting her
This love is lifting you
Over snowblind moments too

(Verse)

You were frozen by the moment
Thing is what can we do?
When I'm frozen by the moment too
All the statues and that you can't hold a candle to you
When you're frozen by the moment too

(Chorus)

This love is lifting her
This love is lifting you
Over snowblind moments
This love is lifting her
This love is lifting you

Over snowblind moments too
