Through endless Asia, through the fields of Cathay  
Or enslaved in a pebble-dash grave with a kid on the  
way  
If you're far over Africa on the wings of youth  
Or if you're down in some satellite town and there's  
nothing you can do

Just give me, give me, give me the power  
I wanna make them believe  
Give me, give me, give me the power  
Although I'm just the common breed

You might live in a screen kiss  
It's a glamorous [Incomprehensible]  
Or belong to a world that's gone  
It's the English disease

But give me, give me the power  
I wanna make them believe  
Give, give me, give me the power  
Although I'm just the common breed

[Incomprehensible]

Give me, give me, give me the power  
I gonna make them believe  
Give me, give me, give me the power  
And I'll make them believe
