Tattooed from the camps that mark your existence on a planet =

deranged from the minds of the Reds. Inferior race awaiting the =

moment when you are dismissed from your service in life. Captive in =

torment, the merciless slaughter of souls misfortuned at birth. =

Taken from wombs before they are nurtured, subjected to torture =

unknown. Where bodies once lay, the ground in now fertile to sprout =

the tree of damnation. A sign of remembrance that brings forth the =

hatred which haunts the deceivers of life. This deadly disease which =

goes through one man, to speak upon one as inferior. Their heads =

will hang low because in time they will acknowledge the human race =

as the superior. Families incarcerated commit spousal murder to =

avoid the slightly pain of their loved ones. Abducted while sane, now =

insane, not by choice, It was forced by the crisis of murder. =

Constant infanticide plagues loving mothers as their newborn is =

placed in a bed of dead roses.
